MEMORANDUM FOR: Warning Working Group Members

SUBJECT : Next Meeting

1. NFIB consideration of DCID 1/5 had been scheduled for Thursday, 10 May. I, therefore, had planned to have a WWG meeting on Friday, 11 May, to pick up any pieces from this and from DIA's I&W Seminar. When NFIB was moved to 9 May, creating a conflict with the Seminar itself, I had the DCID dropped from its agenda.

2. The DCID will now be taken up at the next NFIB, tentatively either 17 or 24 May. Let us plan to meet the following Friday, 18 or 25 May, for the same purpose.

3. If any member sees a need to meet sooner, please let me know by telephone. I do not at this time have any other agenda items; please let me have any suggestions.
